Changing the Projection Mode

Dear beloved employee,

If you notice that the image on a projector screen is flipped vertically or horizontally that means projection mode has been changed. To fix it and flip the image over top-to-bottom and/or left-to-right it please do the following:

Image	Return ↵
Signal	Display
	Closed Caption Off
Settings	User's Logo
	Projection Front
Extended ↵	Operation
	Standby Setup
Network	Language 🌐 English
	Reset
Info	
Reset	

1. Turn on the projector and display an image.
2. Press the **Menu** button.
3. Select the **Extended** menu and press **Enter**.
4. Select the **Projection** setting and press **Enter**.
5. Select a projection mode and press **Enter**.
6. Press **Menu** or **Esc** to exit the menus.

Thank you for the follow-up
