Registration for official Corporate Partners

Name of the company/institution: …………………………………………………………………………………………

Contact person:………

Address:………

Phone: ……….

Fax: ……..

E-Mail:………

Website: ……

I hereby register my company as corporate partner of the German-Jordanian University in Germany.

With this registration, GJU offers its corporate partners following services for the duration of the project:

Please underline as appropriate

- Release of names, logos and contact data of our corporate partners on the German and Jordanian website of GJU.

- Offer for company officials to present their business, products and potential expansions at GJU premises in Amman in order to find useful network partners. Costs incurred might be reimbursed. Please contact the GJU Project Office in Magdeburg for further details.

- Offer to participate in "Faculty meets Industry" events where corporate partners can meet with representatives of 85 GJU partner universities.

- Offer to arrange for a "Company Day" during which a representative of the GJU Project Office visits your company on request and you'll be able to present your company. For this purpose, an article is going to be published on GJU's websites and other GJU cooperation partners (more than 150 companies) will get to know your company via our monthly newsletter.

With this registration, the company agrees to provide GJU with following services:

- After reviewing qualifications of potential interns, we are willing
  - for every summer / winter semester and the duration of this project –
  to offer ..... xxx..... internship positions in our company.

- Furthermore, we will announce and update our participation and current activities - concerning the largest educational cooperation project which is GJU - on our available platforms (website, intranet, social media ...)

Nicola Schröder, Corporate Relations Manager
German-Jordanian University Project Office – University of Applied Sciences Magdeburg-Stendal
Breitscheidstraße 51, 39114 Magdeburg, Germany
Phone: +49 391 886 4951, Fax: +49 391 886 4947
nicola.schroeder@german-jordanian.org
http://www.german-jordanian.org; http://www.gju.edu.jo

We are able to accept interns for following study courses:
(Please underline as appropriate)

Further information:

I have been informed that the **duration of the internship must be at least 20 weeks in full-time employment**. Afterwards the **intern receives** a signed and stamped **internship certificate** which provides information about the performance, duration and content of the internship.

In addition, the **intern is obliged to write a 15-20 page report about the internship** which must also be signed and stamped by the internship supervisor within the company.

The **original certificate of employment** and **the internship report** must be sent **via mail to** the Office for Industrial Links:

Postal address:
Britta Kähler
Office for Industrial Links
German Jordanian University
P.O. Box 35247, 11180 Amman-Jordan
Phone: +962 6 4294881
E-Mail: Britta.Kaehler@gju.edu.jo

The intern receives a copy. If the internship report is not completed on time, the signature of the internship supervisor can be provided electronically and should be sent as an email attachment.

I am also informed that applications of potential interns could be received 2-3 months prior to starting the internship. I inform GJU about the required application process. The assessment for a candidate remains to the company. **If no suitable candidate is identified, the internship position may remain vacant.**
