Graduation Project Acceptance Form for Companies

Hereby we confirm on behalf of company

that the student _____

is accepted to make his / her Graduation project entitled

from _____ to _____ in our company.

We have been informed about the requirements of German Jordanian University for Graduation projects. Especially we are aware of the following points:

- “The student is required to make a public project presentation in front of the faculty and other students of his school at GJU. The project presentation shows his achievements, methods and results. The presentation must be made in person at GJU. Presentation via skype, etc. is not accepted.
- The report submitted by the student must disclose the details of his project, his approaches, implementations, solutions, evaluations, etc.
- In addition to the official presentation the student is to demonstrate his project to the GJU supervisor and examiners.

Above requirements are necessary in order to allow for a grading at GJU. Failure to follow these requirements may lead to failure in the project.

If these requirements contradict privacy or nondisclosure statements of the company, the company may ask for the presentation to be only open to the supervisor, Dean, Department head and examiners. Faculty at GJU is required to respect the non-disclosure request of the company.

GJU has no means to assure that the student himself will respect the non-disclosure request by the company.”
